

# Fire Fly

I see the light flicker in the distance  
So close but yet so far  
I see the fire fly show me the way  
Always from all the dark

The light disappears from the sky for a  
Second the light is gone  
I trust that light will come again in time  
For it to guide the way

The light will lead me to tomorrow's end  
Through all the challenges  
It will never come to an end it said  
Why not I must not ask

For to follow the light I must leave the  
Last world behind and all  
The challengers may disappear or not  
They stay close to the heart

The fire fly will lead the way so don't  
You fret and don't you fear  
What's gone is not forgotten so don't leave  
In fear, fly like a fire fly
